About The Program/Instructors

Code is the foundation of everything we do in the plumbing industry. For the third year in a row, PHCC-Wisconsin is focusing its CE programs on the State Plumbing Code, this time focus on **Water Calculations, Sizing, and Distribution**. Leading the discussion is **Jim Davis**, a Master Plumber and an experienced plumbing instructor. Jim has taught apprentices for 20+ years and, for the past several years, has been a highly-rated code instructor for PHCC Wisconsin and other groups. The program also features time to interact with vendors, our **Vendor Showcase**, a brief safety presentation by Federated Insurance, and an **Industry Update by Jeff Beiriger of PHCC-Wisconsin**.
